RE: Endorsement

Dear Brenda Krause,

On behalf of our members throughout the state of Colorado, LiUNA! Local 720 is proud to announce our official endorsement of your campaign for CO House District 15. Our vision is not only for our strong and proud union Laborers but for all working people of Colorado. We know that when we stand together, we can accomplish many things.

Constructing Colorado is the mission we stand by. In order to do this successfully we need to protect collective bargaining rights, promote apprenticeship utilization, create good energy policy, and ensure that construction projects get done on time and with good labor standards through best value contracting. With all of this we can create a successful path to the middle class together.

We look forward to your election and your service to our members and the residents of Colorado!

Sincerely,

Anthony Trujillo
Business Manager/
Secretary-Treasurer
